Marlowe Telecommunications Opens Call Center Operations in Freedom Plaza

Marlowe Telecommunications, LLC has located its call center operations in Suffolk, VA off of the Godwin Boulevard Corridor. The call center currently specializes in the healthcare service industry employing over 90 callers in 4,000 square feet of space in Freedom Plaza. Marlowe's operations focus on patient education, quality customer service and sales to those in need of cost effective dental, vision & hearing plans, as well as the senior citizen community in need of diabetic testing supplies and motorized wheelchair programs.

"We are thrilled to be a part of the growing community in Suffolk. Marlowe's is committed to providing a fun, yet professional working environment that encourages and rewards exceptional performance, creativity, insight, teamwork and enthusiasm. We strive to provide unparalleled service in representing our customers and their services to potential clients," said Christy Morris, Director of Operations.

"Marlowe Telecommunications has dialed the right number in making the decision to locate in the City of Suffolk," said Mayor Linda T. Johnson. "They will be a great addition to the growing number of businesses to locate along the Godwin Blvd. corridor."

Marlowe Telecommunication utilizes the services of Reliance Staffing and the Suffolk Workforce Development Center to assist with staffing and training requirements.

Freedom Plaza is a 20,400 square foot shopping/office center located on Godwin Boulevard at the Rt. 58 bypass. The Plaza was completely destroyed during the April 28, 2008 Tornado that hit Suffolk. The Freedom Plaza developers at Marlowe Properties have redesigned and rebuilt the property and are currently 50% leased. Office/Retail suites are currently available at a minimum of 1,200 square feet.
