Suffolk Welcomes Tipton's Diner to Downtown Suffolk

Suffolk's newest neighborhood restaurant, Tipton's Diner, is open for business at 200 East Washington Street, in the heart of historic downtown. Owner and chef, Richard Hawkins, offers a unique All-American menu which features a variety of seasonal and local ingredients with bold flavors that create a modern flair. The hallmark of Tipton's Diner is quality, affordability and an enjoyable atmosphere. With its high ceilings, open kitchen and fun décor; it gives off an open, airy feel that will make customers keep coming back.

Based on a "fast-casual" concept, Tipton's Diner offers menu items that are far beyond traditional fast food – but without the price of many casual dining establishments. Some popular entrees being offered are the Ms. Betty (Turkey & Swiss) with a homemade raspberry mayo, Philly Cheese Steak Sub, Hamburgers, Marinated Chicken sandwich and a Captain Monroe (Roast Beef, Ham, Bacon and Cheddar cheese sandwich with an amazing dijonaze served on toasted rye).

"Tipton's Diner is a family-style restaurant offering prompt on site service" states owner Richard Hawkins. "We have stripped away the overhead and passed on our affordable prices to the customer in hopes to make them customers for life."

"It is great to see another investment to the growing number of downtown dining establishments" said Suffolk Mayor Linda T. Johnson. "I wish Richard and his staff much success and look forward to seeing this new endeavor grow and prosper."

The restaurant will be open Monday – Friday from 7am – 7pm, and Saturday from 8am – 12 pm. For further information call 757.539.8686.
